

## Heritage Walk of Faith

By Bud Silva and Mary Walsh

Our "Heritage Walk of Faith" project is moving along very well. The brick engravings are well underway, and we are pleased to report that nearly all of the original orders and those received last year for engraving have been completed.

We are also pleased with the tremendous interest among our Portuguese community to support the project. The bricks provide an excellent opportunity to honor a loved one, commemorate a special event or give a lasting gift. They also support our Hall and the beautification of the entrance to our facility.

You can purchase multiple bricks in varying sizes. An order form is included in this newsletter for your convenience. If you request special placement such as near the chapel or the entrance, we will contact you and give you the available locations, so be sure to include your phone number on the order form.

Send your order form and check or credit card information to the U.P.S.E.S. Hall at the address on the form. You can also leave a message at the Hall if you have any questions regarding this project. One of our Heritage Walk of Faith committee members will contact you.

We will be selling bricks at this year's Festa, so please look for us there. We will also include an order form in our church bulletin in the not too distant future. Our first marble sidewalk medallion dedicated to the memory of Joe Medina by his beloved family will soon be engraved in time for our upcoming Festa.

To those who have already purchased a brick, thank you. You have left a special gift and a lasting memorable impression for years to come. To those who have not purchased a commemorative brick, please let us hear from you today so that you can be a part of this special project. We encourage you to stop by the Hall and view the dedicated bricks on our front walkway that reflect the heritage of our community.
